

Access Free Education on SMI

Access dozens of free courses on topics related to serious mental illness (SMI). Earn CME/CNE/CE credits* and enhance your clinical practice with guidance from experts.

SMI Adviser offers live webinars each week. Learn about evidence-based practices and participate in live Q&A with faculty. Each webinar is also available in on-demand format.

This education is completely free and we invite you to join us right now!

The screenshot shows the SMI Adviser website interface. At the top, there is a navigation bar with links for CLINICIANS, INDIVIDUALS & FAMILIES, ABOUT US, CALENDAR, and CONTACT. The main heading is "Browse Available Courses". Below this, there are filter options for "Choose Topic", "Target Audience", "Activity Type", and "Credit". A search bar with "SEARCH" and "RESET" buttons is also present. The course catalog displays several cards, each with a title, dates, a brief description, and activity type/credits. For example, one card is titled "Treatment Considerations for Transitional-age Youth with Intellectual/..." and another is "Learning Collaborative: Getting Started Building Your Clozapine Practice".

Our Education Catalog is an ideal way to provide education about SMI to a small practice or an entire staff in a community hospital or medical center

*CNE and CE credit is only offered for select activities
