

The Clozapine Center of Excellence

After 30 years, clozapine is still the best medication for treatment-resistant patients. Yet, it's often underutilized because clinicians, patients and families lack access to evidence-based practices around its use.

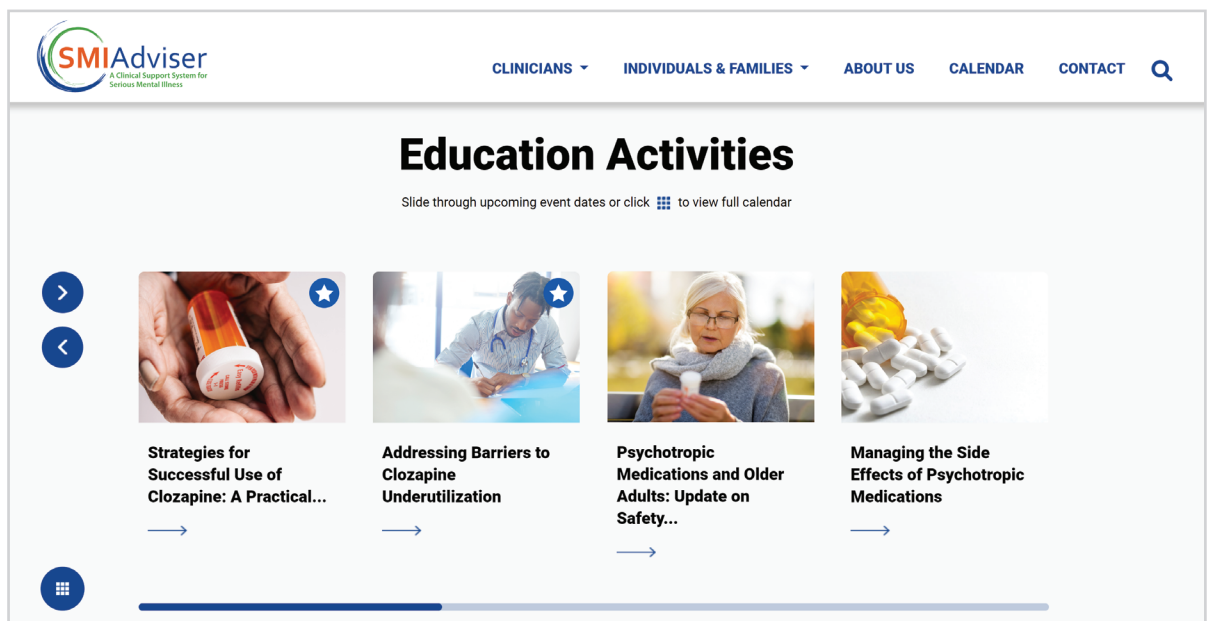

The Clozapine COE provides FREE resources, education, consultation, tools and more on the use of clozapine.

The screenshot shows the SMI Adviser website home page. At the top left is the SMI Adviser logo. To the right is a navigation menu with links for CLINICIANS, INDIVIDUALS & FAMILIES, ABOUT US, CALENDAR, and CONTACT, followed by a search icon. The main content area features a large heading: "Join the Clozapine and LAI Centers of Excellence Exchange". Below the heading is a paragraph of text: "The Clozapine and LAI Centers of Excellence Exchange engages psychiatrists, nurses/nurse practitioners, pharmacists, and other clinicians, providing an opportunity to collaborate on the use of clozapine and long-acting injectables. Sign up for this listserv and join the conversation!". Below the text is a blue button that says "SIGN UP NOW". To the right of the text are two images: one showing a hand pointing to a blue cross on a hexagonal grid, and another showing a doctor in a white coat sitting at a desk with a laptop.

+ Sign up for the Clozapine and LAI COE Exchange listserv. Share best practices with other clinicians. Join the conversation.

FREE CME/NCPD-certified online courses. Direct access to clozapine activities and upcoming events. **+**

The screenshot shows the "Education Activities" page on the SMI Adviser website. At the top left is the SMI Adviser logo. To the right is a navigation menu with links for CLINICIANS, INDIVIDUALS & FAMILIES, ABOUT US, CALENDAR, and CONTACT, followed by a search icon. The main heading is "Education Activities". Below the heading is a sub-heading: "Slide through upcoming event dates or click [grid icon] to view full calendar". Below this are four event cards, each with an image, a title, and a right-pointing arrow. The first card shows hands holding a pill bottle and is titled "Strategies for Successful Use of Clozapine: A Practical...". The second card shows a doctor at a desk and is titled "Addressing Barriers to Clozapine Underutilization". The third card shows an older woman holding a pill and is titled "Psychotropic Medications and Older Adults: Update on Safety...". The fourth card shows a pile of pills and is titled "Managing the Side Effects of Psychotropic Medications". At the bottom left of the event cards is a grid icon.
